## New Member.

Say Hello, to Dave Howson who is finding the weight of his stationary engines becoming a bit too much and so is building an IOM, and joining our club. I'll include his details in the next membership list I publish, meanwhile make him welcome if he turns up to watch and chat.

**Sunday 14<sup>th</sup> June 2009.** The day after my birthday, so you know why I wasn't there but where were you? We had 5 intrepid skippers battling against not only a greater number of boats from Watermead but also the undoubted skills of the Oxford club. In all it meant a total fleet size of 18 plus. Not withstanding Mike and Vic both suffering equipment failures and therefore not scoring in many rounds, the other three 2 Island skippers, Geoff, Keith and Paddy, managed creditable 5<sup>th</sup>, 6<sup>th</sup> and 8<sup>th</sup> places, so well done to them., and the results are:

| Watermead Oxford       |    |    |    |    |    |    |    |    |    |    |       |      |       |      |

**Sunday 21<sup>st</sup> June 2009.** Nelson Round 2. Back to the small fleets on the home water, just 7 turned out today, no doubt others being duty bound to be in place in the home for Fathers Day. Yet again, poor old Vic failed to get his boat on the water as his Rudder Servo seemed to have suffered when his boat hull filled with water on Wednesday. I was a little late arriving so the start was delayed but the wind was sauitable for a very straightforward course, running from Right to left in front of us. The wind varied a little but was generally fairly stable and for most of the morning the fleet was split into 3 + 3 with up to 40 seconds start difference. All in all the racing was very good though Keith and Allen locked horns, so to speak, a couple of times, and Ian had to retire after 8 races when his Tx battery ran out of power. There was a couple of changes to the handicaps but surprisingly, in better wind conditions, all 5 remaining boats reverted to Scratch starts for the final two races and both races ended with all five coming in very close together. At first I thought that Jeff would take the honours with 3 first places, but when I put the results through the meat grinder he was relegated to third being outpointed by John and Mike, both with two 1<sup>st</sup> places. With Keith and Allen also having two 1<sup>st</sup> places each the results were well spread. Well done to all the skippers for a good days sailing.
